Student Date of Birth Confirmation

Student Name: _____ **PSU ID:** _____

There is a conflict between the information you reported on your FAFSA and either the Social Security Administration or your Penn State record. To fix this error, we are required to confirm your date of birth.

Submit a legible copy of one of the following documents to complete the confirmation process:

1. Birth Certificate
2. Unexpired Driver's License
3. Unexpired Military I.D. (that shows your birthdate)
4. U.S. Passport

Your date of birth must match on all your federal, state, and Penn State records. We will correct your date of birth on all records after the confirmation is complete. We will also notify the appropriate agencies or institutions to correct your records through the National Student Loan Data System (NSLDS).

Upload your form(s).

Combine all your verification documents into one file to upload them. For instructions on how to do this or to upload additional files, please visit our [website](#).
